

Community Development Block Grant Public Service Grant

Local Government Division

Introduction

Community Development Block Grant (CDBG) Public Service Grants are awarded to non-entitlement counties throughout Washington State to support partnerships with local Community Action Agencies (CAA) in conjunction with Community Service Block Grant (CSBG) funds administered by the Department of Community, Trade and Economic Development's Community Services Division. These funds address the root causes of poverty and help poor families and individuals regain or retain self-sufficiency.
